OMEN

- Bend-It is a new formulation with a great amount of built in traction to handle heavy to medium heavy conditions. Don't let the pearl fool you, this ball was built to handle some oil.
- 500, 500, 4000, 4000 Abralon finish can be altered with more surface or polish in order to meet the bowler's needs.
- The low RG Capsule core will get into a strong early roll while the high Differential will produce great track flare for favorable backend continuation. The Capsule is simple in shape, strong in numbers and was designed for versatility and performance.

- Recommended Cleaner:
Powerhouse™
Power Wash
