

A NEW ERA BEGINS

 PROUDLY MADE
IN AMERICA

Quality, Control and Power – Columbia 300 is back and has positioned itself to reclaim its traditional place as Bowling’s premiere brand. The “Resurgence” is the ball that is leading the rebirth of this champion brand. This ball features a new core, a new coverstock and will soon become known as the industry standard for heavier volumes of oil. The Resurgence will DOMINATE any heavier volume oil pattern from the foul line all the way through the pin deck.

Columbia bowls the world over.®
