

# SMOKIN'™ THE COMPETITION!

MUSCLEGT™  
MUSCLE

Here they come ... the raciest balls on the track. With two brand new coverstocks intact. The Throttle™ series roars down the lane. The Throttle thirsts for heavy oil, with its MuscleGT™ coverstock and startling new Cam Shaft™ core. Throttle-R™ is ever the aggressor, turning common lane conditions into spiffire raceways. Its new pearlescent Accelerator™ reactive coverstock is also paired up with our new Cam Shaft core, a core so different competition will screech to a halt. You've got the drive. Now, accelerate your game. Full throttle.
