

Great ideas for  
bowling balls  
don't just  
happen . . .

. . . they're  
invented  
by the  
experts!?

## At Dyno-Thane of course!

DYNO-THANE

Dyno-Thane engineers (not the guy in this picture) decided to combine the D/T exclusive POLARIZED reactive urethane and the CUBE<sub>3</sub> core to produce the lowest RG three piece ball ever, at a very affordable price. This ball is for every bowler of every age, style and ability. What else could you ask for...quality, affordability, beauty and the latest in hi-tech cover stock. THE D/T CUBIC/R Try It Today!!
