

# MoRich

10 Years of Excellence

Our NEW **Super-Trac** cover produces the strongest ball reaction by any MoRich ball ever. By using a hybrid version of our NEW **Super-Trac** cover, we have created a ball with BOTH great midlane and backend reaction. Combined with a higher diff. version of our patented **UNIQUE** core, this is our strongest ball to date.

**DESTROYR** produces devastating hitting power as it **DESTROYS** the pins.

## It's about the NEW Cover!

### Specific Features Include:

- \* **ALL NEW** Hybrid **Super-Trac** cover
- \* .016" intermediate diff., .050" total diff. **UNIQUE** core
- \* 2.516" minimum RG to retain energy until the break point
- \* Versatile, very aggressive hybrid **Super-Trac** cover will work on all conditions, including the oiliest and most demanding oil patterns, by simply adjusting the surface.
- \* Great drilling versatility, as always, from the higher diff. version of the **UNIQUE** core
- \* Factory surface of 500/2000 for more traction
- \* Use duller surfaces on **DESTROYR** for the most hook you've ever seen.
- \* **DESTROYR's** total versatility allows it to work for any style of bowler on any lane condition by choosing the right layout and the right surface.
