ENTERPRISES

DYNO-THANE's trio of explosive bowling balls offers the serious player enough fire power to light up the lanes. We have engineered an array of products to fit the needs of today's conditions and today's serious player. The Concept 1...a mid priced blended reactive for heavy oil conditions. The Concept 4...the ultimate in High RG reactive balls. The Concept X... maximum track flare, maximum hooking action and awesome power.

With Dyno-Thane you have it all!!

Concept 1

Modified Three-piece core, blended reactive coverstock, slate grey sanded, 10-16 pound, hook potential 8, track flare potential 2.

Concept 4
