

**SOME PEOPLE
CALL IT THE EDGE.
I CALL IT AN ADVANTAGE.**

EBONITE
BOWL TO WIN

INTRODUCING APEX ADDICTION FOR HEAVY OIL.

The rush that tournament and league players feel when playing in the "out of bounds" areas of long oil patterns is only part of Addiction's appeal. Once the new Mac Daddy™ particle coverstock kicks in, Addiction turns with an angle of entry that gives your game a whole new edge and nothing but respect from the competition.
