

WEREWOLF ATTACKS SUPER HOINKE.

With a top prize of \$100,000, winning the Super Hoinke amateur tournament is nothing to sneeze at. Particularly for Mika Koivuniemi, who, along with his Ebonite Werewolf ball, not only walked away with the hundred grand but an additional \$25,000 in sweeper and brackets prizes. (This may explain the frequent visits by Mika's friends, who can't seem to stop praising his impressive bowling, great neckties and all-around superior qualities as a human being.) Of course, that's just part of the story. Seven more of the top 32 finishers were throwing Ebonite balls, including Tim Weisbrod who finished 2nd in the Second Chance Tournament.

At Ebonite, we congratulate them all for their outstanding performance and passion for the sport. It just goes to show that, when like-minded people and products hook up, anything is possible. To experience Ebonite equipment yourself, visit your nearby pro shop today.
