

WHILE WE DON'T ENDORSE DISGRACING YOUR  
OPPONENT, WE ARE PERFECTLY HAPPY TO PROVIDE  
THE NECESSARY EQUIPMENT.

We're all in favor of exhibiting camaraderie and good sportsmanship. But we're even more hell-bent on making sure you walk away with the prize. Which is why we've developed our most complete, most advanced arsenal of balls ever. So that you, the courteous, caring bowlers of the world, can dominate the game and gloat 'til the cows come home.

Introducing our Waves, Cats and Stinger lines of balls. The Wave, Shock Wave and Tidal Wave provide smooth-navigating, down-the-lane power and a harder hook on a variety of lane conditions. The Cats — the predatory Cougar, Panther and Jaguar — combine tremendous versatility with a merciless appetite for pins. And the Stinger Pearl, Stinger Urethane and Stinger Reactive offer the best hook potential in their class. Whatever your style of play, whatever the lane condition, we've got a way to bowl to win.

See these new balls at your pro shop. Then, see how good it feels to shake your opponent's hand, after you've just kicked his butt.
