

TOTAL NV

EXPLORE A WHOLE NEW TERRITORY. Discover TOTAL NV, the only ball wrapped in Traxion Reactive 0.30 coverstock. With a chemically textured surface and Spike Symmetrical Mass Bias core, it digs deep for total control and carries an aggressive backend reaction that's light years ahead of anything else. It's one small step for us and one huge step for your game.

★ Now you can score your very own 800 Series Award. Visit www.ebonite.com for details. ★
