

A HAMMER® FOR YOUR PERSONAL CHOICE

Bay Blue Pearl Reactive

Cajun Red Urethane

FABALL, the company that brings you all of those hard hitting HAMMER balls, now gives you a **PERSONAL CHOICE (PC)** of market priced balls, for beginners, mid-average and accomplished players.

We have taken the best urethane and reactive cover stock formulas, placed them around your choice of weight blocks and now offer them at a cost that is **PRICE CORRECT**.

PERFORMANCE COVER STOCKS:

Choose Urethane, the world famous HAMMER formula cover stock; the most winning urethane ball, ever. Choose Reactive, the aggressive new NEOFLEX; a new material in reactive.

PRECISION CORES:

Choose the smooth cylindrical bulb shape design found in the center of the PC2 (13-16#) and large elliptical core (10-12#). Choose The round sphere with wafer weight (10-16#) in the PC3. These core designs are regarded as industry standards, built for consistency and known for performance.

POPULAR COLORS:

Choose your color and ball finish. PC2 factory polished Bay Blue Pearl reactive or PC3 with sanded 600 matte finish in Cajun Red urethane.

PRODUCT CHOICE:

Choose from a selection of weights, 10-16 pounds in the PC2 and the PC3.

PRICE CORRECT:

Choose a HAMMER that fits your price category.
