

A TERRIFYING TWO-SOME

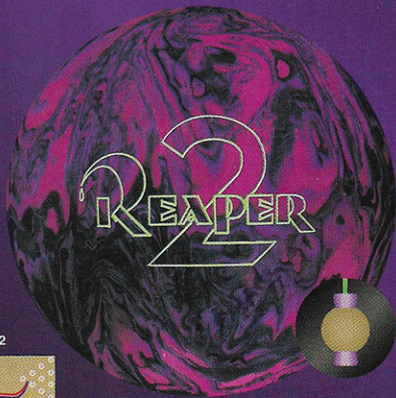

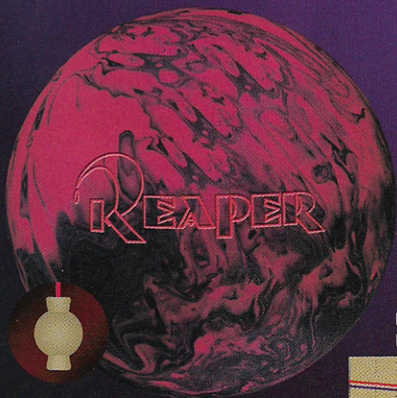

HAMMER® UNLEASHES IT'S NEWEST WEAPONS OF DESTRUCTION

The Reaper now has a deadly partner to help continue all of the pin slicing, rack ripping, devastating strike delivering action that is currently dominating bowling centers worldwide.

Hammer has modified the Reaper XL core to create an even lower differential, allowing the

Reaper 2 to retain even more energy for increased pocket entry angle. The Reaper XL2 core combined with the new Multi-Colored Reactive Neoflex XL Pearl with MIBK coverstock makes the Reaper 2 a devastating weapon for drier lane conditions. **A Cut Above the Competition.**
