

FORGET ROAD RAGE. WE'RE TALKING ROAD KILL.

**More power. More guts.
More Hammer.**

When you need to get down and dirty, you need the muscle of Hammer's Diesel series - Diesel Particle, Diesel Particle Pearl and Diesel Reactive Pearl. Boasting the Diesel core design along with Power Whip and Power Trak particle veneers, these guys aren't afraid to go barreling down the lane under any condition. 10-4, good buddy. Diesel's got you covered.
