

JIGSAW

The rules are simple. Every laneman says he wants to put out a 'fair shot.' What he means is he wants to set a trap that you can't survive. Flat oil, long oil, heavy oil patterns – all meant to lock you into a trap you can't escape. The highest mass-bias core in Hammer history and our new Burst Reactive 5/4 coverstock with Sharp Edge Additive makes Jigsaw fight through the front of the lane, charge through the midlane, and destroy the pins in the backend. With Jigsaw in your bag, it may be the laneman's game, but it's your move. Game over.
