

SPARES ARE FOR SISSIES. THAT TEN PIN IS GOING DOWN.

**More drive. More precision.
More Hammer.**

Hammer's Vicious series is now complete with the baddest ball to hit medium-oily lanes, the new Vicious Reactive Pearl. Using the Vicious core and PowerGrip Reactive Pearl SF36 coverstock, Vicious Reactive Pearl retains enough energy to go long and still hook with the super-sharp Vicious angle in medium conditions. When you need a sure thing, you need Vicious Reactive Pearl.
