

World Class Bowling Balls

DANGEROUS!

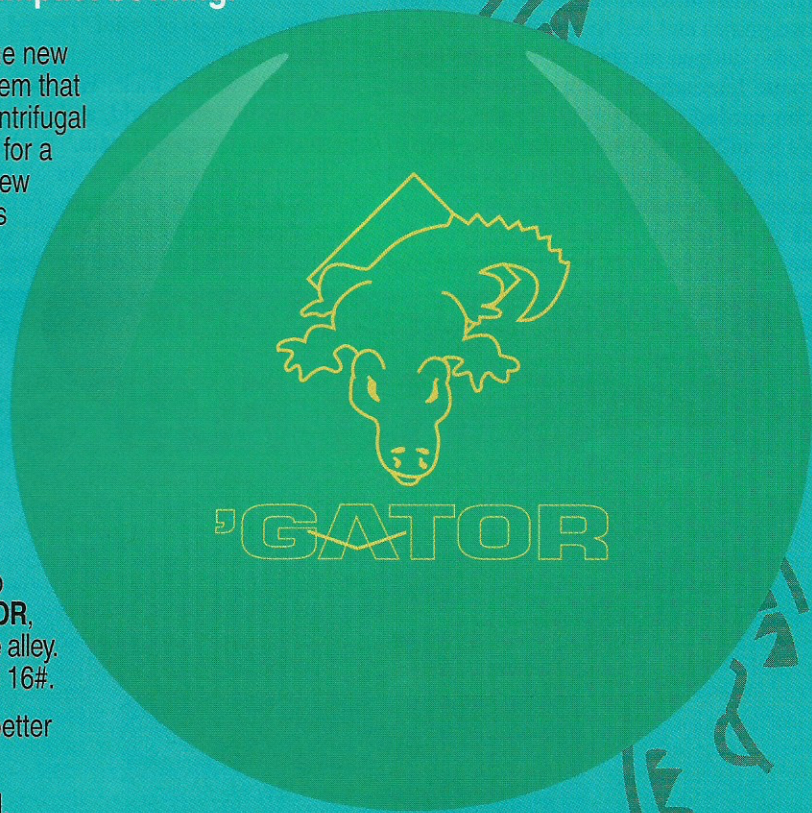

It's mean. It's green. It's 'GATOR™
Better than reactive resin. Now setting new
standards in high impact bowling.

The 'GATOR has a unique new 3 piece weight block system that helps attain maximum centrifugal and directional dynamics for a pocket impact that will chew up the pins. Ball hardness is quality controlled to between 76 and 80, exceeding ABC and PBA sanctioning standards. Every 'GATOR is made from a special formula that will provide a long life of tournament level performance.

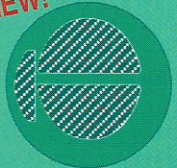

If you want consistent scoring, even in medium to heavy oil, demand a 'GATOR, the most vicious ball on the alley. Available in 14#, 15# and 16#.

Look for the 'GATOR at better proshops worldwide.

ABC and WIBC approved.
