Polish

**d. Factory Finish
Polish**

For light - medium to dryer lane conditions where you want the ball to go longer before hooking.
(Does not reduce hook, just delay.)

d.

**c. Extended Length
Polish**

Gives a higher than factory polish. Use when you want to straighten the balls path. (Reduces as well as delays hook.)

c.

available
in 2, 4,
16, and 32
ounce bottles
