

The Legend

Fred Borden, USA Bowling's Premier Gold Coach, and winner of more awards than any other coach in the history of bowling, brings you his premier line of bowling balls. His Legends balls stand out above all others because they simply perform better. "We use only the finest grade resins money can buy because they soak up less oil. Then we combine them with industrial diamond particles that give us an exceptional co-efficiency of friction that just makes the ball hit harder" says Borden.

Are you ready to increase your average? Do you want to bowl more honor scores? Call a Gold Coach today and let us work with you to achieve your goals. Working with the greatest bowling coaches in the world guarantees your success.
