

# SUPRA ENZO

## LIGHT-MEDIUM OIL

The sporty red and black Supra™ Enzo is the latest hybrid from MOTIV®. Built to handle turns in high traffic situations and pass the competition with ease, this brand new addition to the Medium-Dry arsenal is a must-have for bowlers looking to create angle during transition without sacrificing control or traction.

## INFUSION™ HYBRID REACTIVE

The new Infusion™ Hybrid reactive shell is modified from the coverstock of the original Supra™ to give the bowler more traction than the pearl, but without sacrificing angle. The result is a coverstock that is slightly stronger and more controllable in the oil than the original.

## HIGH IMPULSE™ WEIGHT BLOCK

The High Impulse™ core spins slowly in the front of the lane, while utilizing a dual density flip block and substantial diff to create ample shape down lane.

15# RG: 2.57

15# Diff: .050

Flare: 5"+

## 5500 GRIT LSP FINISH

A 5500 Grit LSP finish pairs with the hybrid coverstock to provide length through the front of the lane with a pronounced backend reaction.
