

# The world's **ONLY** custom-made bowling balls featuring **COMPLETE WEIGHT DISTRIBUTION!**

*Roto-Grip Offers 4 ways to match individual  
styles to every Lane Condition.*

# 1

## **ROTO-GRIP SOFT POLYESTER**

The industry's only soft pearlized polyester ball with **COMPLETE WEIGHT DISTRIBUTION**. Specially selected cores. Every ball hand-weighed for peak weight distribution and "tournament condition" performance.

# 2

## **ROTO-STAR RC-5**

High-porosity rubber shell with a special additive that eats up oil on today's modern lanes. Unique **COMPLETE WEIGHT DISTRIBUTION** feature plus homogenized rubber core gives truer rolling ball.

# 3

## **ROTO-STAR X-2**

The best rubber ball for the wide variety lane finishes and conditions. Custom made with **COMPLETE WEIGHT DISTRIBUTION**, and high grade hand polished rubber shell for superior tracking.

# 4

## **ROTO-STAR SILVER STREAK**

Especially designed to hold on fast hooking lanes. Super-hard rubber cover stock gives extra long skid roll. Specially selected cores for **COMPLETE WEIGHT DISTRIBUTION** and explosive hitting power.

### **ALL A BOWLER EVER NEEDS**

- All Roto-Grip balls feature **COMPLETE WEIGHT DISTRIBUTION**.
- All bowling balls balanced to a fraction of an ounce.
- All balls available in right and left hand models.
- Approved for use on PBA pro tours. Meets all ABC specifications.

See your local pro shop.
