

# MOST VALUABLE PERFORMER

- **Neutron NXT™ Core:** The next generation of the Neutron core gives you higher RG while still providing plenty of motion at the breakpoint.
- **VTC-H19™ Hybrid Coverstock:** This new and improved coverstock takes our latest hybrid cover and gives it even more responsiveness down lane.
- **Factory Finish:** 1500-grit Polished with medium-high flare potential.
- **Lane Condition:** This is the perfect transition ball and will really shine on higher friction lane surfaces and conditions.
