

# GAME CHANGER

**Anthony  
Simonsen**

6 PBA National Titles  
2 PBA Major Title

Rondure™  
Core

The Rubicon UC3 (Ultimate Concept 3) starts with the mildly asymmetric Rondure™ Core and is wrapped with the truest and most consistent urethane material Roto Grip has ever offered, known as Tour-ethane™. This pearlized Tour-ethane material is the ideal answer to combat those high friction lane conditions and high friction lane surfaces found around the globe. Whether you are a novice bowler, an elite Touring Professional, or somewhere in between, this ball is sure to change the game for everyone.
