

A pins worst enemy

Oh no-not again!

Dyno-Thane Special EFX Pearl

The ball, Bowling This Month Magazine, named condition ball with the best read in 1996 is now available in a Blue Pearl version.

The new **SHOT** cover stock adds length, delivers more back end hook and higher pocket entry angle than the original. Wayne Webb calls it our "Best DT ball yet".

With the SPECIAL EFX Pearl
the pins won't standa chance!
