**INERTIA DICTATES AN OBJECT WILL REMAIN IN MOTION UNTIL ACTED UPON BY A GREATER FORCE.** Track unveils its latest breakthrough in asymmetric technology – the Inertia. The new Track Clam Shell™ asymmetric core and polished Power Peak Particle™ coverstock join forces for greater length, massively angular backends and explosive knock-down power. Incredibly versatile, Inertia is the superior choice for medium to heavy oil. *For asymmetric technology, unbeatable performance and unstoppable power there is only one option. Track Inertia – there is no greater force.*
