

MAKES THE PINS DISAPPEAR, NOT YOUR MONEY.

Great performance. Incredible price. Could it be magic? You bet. Track Magic features everything a bowler is looking for. The ball's lightbulb shaped core with an aggressive thick-shelled Resin and Particle Blend coverstock creates a perfect match of flare, coverstock and Rg. This combination allows Track Magic to perform exceptionally well for today's lane conditions. And, of course, Track Magic is priced perfectly for all bowlers. In other words, Track Magic makes the pins disappear, not your money.
