THE ENFORCER

TRACK BOWLING PRESENTS: STEVE HOSKINS IN THE ENFORCER
WITH CAROL GIANOTTI, AMLETO MONACELLI, AND SUGAR RAY LEONARD

The Enforcer's an epic story of the past, present and future. To our innovative Heat™ core shape, we've added a flip block on top to drive this ball through the heads. We then took our unique ProTraction™ coverstock and wrapped it around our new Power Rev™ core. This combination produces the most powerful hook potential and backend reaction of any Track ball. The curtain's up on the year's biggest blockbuster. Enjoy the show.
