

WE DON'T ADVOCATE VIOLENCE. MUCH.

Introducing, from the red corner, the Sugar Ray Leonard Boxing Glove Ball™. Track's debut clear polyester ball is encased with a replica of Sugar Ray's trademark red boxing glove, hand-painted with the same methodical attention to detail which Sugar Ray was known for in dispatching his opponents. Each ball comes with his engraved signature! For those hardheaded pins that refuse to fall down with a hook to the jaw, follow it up with a solid straight to the nose to complete a 1-2 knockout punch! This limited collector's edition won't be around for the final bell. So drop even the most stubborn pins like a bad habit with the Sugar Ray Leonard Boxing Glove Ball!

EVOLUTIONARY. REVOLUTIONARY.
