

We've been
 "THREAT" ening to do
 this for a long time

Fact: The Track Triton line was the first ball line to feature the Tricore core in a core design.

Fact: In 1997 the Track Triton line won more PBA national tournaments than any other company

Fact: The Triton Heat was one of the most drilled balls on the PBA Tour to date.

Fact: The Triton Heat was undefeated in the last five TV appearances of the 1997 PBA Tour season.

WOWLING EQUIVALENT OF A NUCLEAR EXPLOSION

THESE
 ARE
 THE FACTS
 AND THEY ARE UNDISPUTED

Since its introduction in 1997, we have received thousands of letters, phone calls and emails from customers wanting to find a Triton Heat. Due to the overwhelming demand for the Heat, Track has responded with the Threat. The Threat matches the core of the Triton Heat with the WOW 2 Pearl particle coverstock. WOW 2 Pearl will make the Threat much more versatile on today's slicker lane oils. The Threat is a devastating combination of new and proven technology that is sure to take your game to the next level. Make your Threat a promise.
