

# Some Balls Work for Everyone

You liked the Heat... You loved the Threat... Now you will be amazed by the Triple Threat! The Triple Threat combines the core used in the Heat and Threat with the aggressive WOW II Ultra particle coverstock to produce more hook in oil than its predecessors. With its smooth and

predictable reaction the Triple Threat is sure to be an effective weapon in any bowler's arsenal.

Whether you are a stroker, tweener, or a strapper you will strike fear into the competition.
