**INTRODUCING THE
TRITON ELITE.
THINK OF IT AS
A TRITON HEAT
ON STEROIDS.**

(OPERATORS ARE STANDING BY.)

We've done what some said was impossible. Designed a ball that outperforms the tour dominating Triton Heat[®]. Thanks to the all new Core² design, the Triton Elite[™] actually outhooks the Triton Heat[®]. It rolls smooth on the front end due to TRACK's new POWERPLUS[™] coverstock with MICA, but creates more entry angle than any ball we have ever created. The Electric Purple Triton Elite, it's the biggest, baddest ball out there and it's waiting for you.

More hook, more performance, more power to you.
