

THE LANE TAMERS!

America's Only POWER•MARK High Performance Bowling Balls

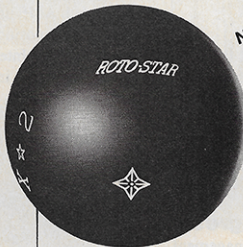

For any lane condition, for any bowling style, there's a tournament-proven ROTO-GRIP POWER•MARK ball waiting to add pins to your score.

Roto-Grip technicians use exclusive exact equipment, measure the complete weight distribution of each ball to within $\frac{1}{16}$ oz.! They then etch a POWER•MARK into the ball; a unique reference point for drilling that creates a really hard-hitting powerhouse. No other ball at any price does more to assure great results.

ROTO-GRIP "BLUE ROTO"

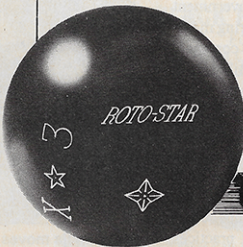

Hand-polished blue pearlized polyester shell over individually selected core. Excellent for "limited distance dressing."

NEW!

ROTO-STAR X-2

Super-hard rubber shell, hand-polished for high performance and superior tracking under a wide variety of conditions.

ROTO-STAR X-3

Revolutionary *Double-Shell* urethane/polyester ball with a "Double-Bang" and tremendous carrying power. A tournament-tested winner.
