

The Lane Tamers!

For any lane condition . . . for any bowling style . . . there's a pro-quality ROTO-STAR ball ready to add points to your score with HIGH PERFORMANCE, frame after frame.

Roto-Grip's exclusive "Complete Weight Distribution" precision calibration system guarantees great results! Each ball is registered and comes with individual weight-point indicators and detailed

drilling instructions. Pro shops can easily drill ROTO-STAR Lane Tamers to a perfect custom fit; no need for separate right- or left-hand models.

Master any lane with the choice of champions: The Lane Tamers from Roto-Grip, Inc., America's HIGH PERFORMANCE bowling ball specialists.

Roto-Grip "Blue Roto"

Roto-Star X-2

Roto-Star X*3

HIGH PERFORMANCE Roto-Grip quality in soft polyester. A special additive in the hand-polished blue pearlized shell delays the initial roll and provides a strong finish. Excellent for "LIMITED DISTANCE DRESSING." Individually selected cores for outstanding results. A proven winner in America's top tournaments! Available from 12 to 16 lbs.

Demanding bowlers who prefer a super-hard rubber ball get **HIGH PERFORMANCE** with this popular choice. Performs well under a variety of conditions, especially on **LIMITED DISTANCE DRESSING**. Custom-built with a super hard shell of high-grade rubber, hand polished for superior tracking. Available from 13 to 16 lbs.

The revolutionary **Double-Shell, Double-Bang** ball that hits **HARD**, then "snaps back" for extraordinary pin action. Features a "soft" outer shell of urethane around a tough polyester inner shell for tremendous carrying power. Tournament-tested for **HIGH PERFORMANCE** on any lane. Available from 12 to 16 lbs.

*All Roto-Grip bowling balls meet ABC specifications.
