

The Millennium Y2K™

It's here.

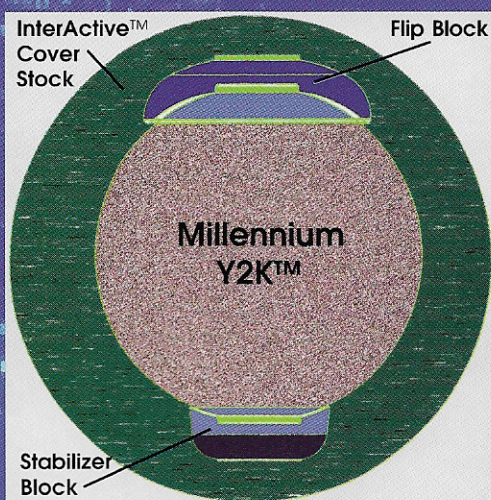

Bowler-Friendly™ Design

The Millennium Y2K™ was designed by experts to provide exceptional control in a high-performance ball. The Y2K™ is perfect for bowlers in the 150-200 average range who want extraordinary striking power in a ball they can control. Higher-average bowlers will find the Millennium Y2K's striking power to match anything they've ever thrown.

The Millennium Y2K™ is designed to allow your professional ball driller to easily polish or sand the surface to achieve the optimum ball reaction for anyone's personal bowling style.

Limited Edition

The Millennium Y2K™ Limited Edition is available now. There will be only 2,000 Limited Edition Y2K™ balls made. Each ball will come with a certificate of authenticity designating it as one of only 2,000 balls manufactured. The Y2K™ Regular Edition will follow in April.

New InterActive™ Cover Stock

You've heard of Reactive, you've heard of Proactive, now there is InterActive™.

The Millennium Y2K™ features Millennium's own InterActive™ cover stock. It's the perfect blend of urethane resins designed for a ball that works together with the bowler, the core and the lane to produce a smooth arc and awesome hitting power.

SmartCore™ Technology

The Millennium Y2K™ features new SmartCore™ technology which creates a dynamically balanced relationship between Millennium's exclusive InterActive™ cover stock and DuoCore™ design.

Driller-Friendly™ Core

Ball drillers will find it easy to lay out the ball to achieve the behavior characteristics desired for each customer.
